VOL. XVIII. NUMBER 77

ADA, OKLAHOMA, MONDAY, JUNE 13, 1921

FIVE CENTS THE COPY

STATE EMPLOYEES LOSE THEIR JOBS

Fifty in Capitol Off Payroll as Result of Appropriations Cut.

OKLAHOMA CITY, June 13.—In the neighborhood of fifty employees will make their exit from Capitol offices for the next two years on July 1. Only forty-two of these were accounted for in an unofficial summary made Saturday, but several of the departments at the state house are uncertain as to just what number of office workers they will lose under the terms of the departmental appropriation bill.

Frank Carter, state auditor, who loses ten clerks, is the only head of a department at the state house who doubts his ability to run with the slashing of payrolls which is to come on July 1. The auditor will receive one man from the office of the state examiner and inspector, who has declared his intention of insuring the continuance of all accounts operating under Carter's supervision. Carter has declared he will work his force from early morning until late at night in an effort to see his department function properly. The auditor's appropriations were cut by the governor.

Lewis Is Hardest Hit.

Dr. A. R. Lewis, state health commissioner, the hardest hit in the number of employees missing of any state officer, is perhaps the most optimistic. He will find a way, he says, to make the health department function even though it loses two important bureaus and two physicians.

Employees of the state who must take their departure from the capitol range in rank and salary from physicians, heads of health bureaus drawing \$3,000 apiece, to stenographers drawing as little as \$1,200.

Below is Dr. Lewis' statement on operation of his office after July 1, and it is considered typical of the spirit under which state officers and officials are bearing up under a gloomy outlook:

"I'll have to handle a couple of these bureaus myself. My force will have to buckle down and perform. There'll be less visiting the cafe in the basement during office hours, but we'll get by." Dr. Lewis' appropriation was decreased from \$135,000 to \$95,000.

Labor Organization Limited.

The health department will lose its bureau of tuberculosis and the bureau of venereal diseases. The dozen employees who will go the first of July include a physician for the bureau of tuberculosis, a stenographer and clerk; a physician who acts as director for the bureau of venereal diseases and a clinician, a nurse and a stenographer. Besides these employees a record clerk, a stenographer and an assistant registrar of vital statistics must go.

Claude E. Connally, state labor commissioner, on the first of the fiscal year will abolish the division of woman's work, which has offices in Oklahoma City, and a stenographer must be dropped from the office force at the capitol. In addition, according to the labor commissioner, it seems probable the labor office at Ardmore must go. Inspection tours of field men must be decreased in number commencing July 1, according to Connally, because the legislature cut traveling expense funds from \$1,500 to \$1,200. "I've been in this office eight years, he said Friday, and this is the first time this particular fund has ever been decreased.

Board of Affairs Suffers.

Fred Parkinson will be minus the services of the employee he has declared he will send to act as assistant chief accountant in the state auditor's office and one other clerk. In addition he loses a fund

(Continued on Page Six)

GOVERNOR BLAINE WANTS HOME BREW

Says Prevention of Rights "Intolerable Espionage on the Home."

(By the Associated Press)

MADISON, Wis., June 13.—Prohibition legislation which prevents manufacture of home brew was condemned today by Governor Blaine as "intolerable espionage on the home, which fritters away public money to prosecute good citizens who have no wrong intentions."

Gov. Blaine made the statement after his own measure "to put persons who possess grape or apple juice which may be allowed to ferment to 1-2 or more percent of alcohol on the same basis as liquor manufacturers."

He would class such a man who possesses such liquor as a public nuisance, abated by the action of private individuals who may want to satisfy a private grudge and would subject the owner to a severe penalty.

FLOODS THREATEN MANY SECTIONS

North Canadian Running Negroes From Lowlands in Oklahoma City.

(By the Associated Press)

OKLAHOMA CITY, June 13.—A stage of 11.1 feet was recorded by the North Canadian here at 9 a. m. today and water has been slowly rising since, according to the U. S. weather bureau. The river has already flooded part of the city inhabited mostly by negroes. A further rise of one foot is probable, weather bureau officials said.

Scattered rains fell yesterday and last night over the central and southern parts of the state, reports to the weather bureau indicated. The heaviest precipitation was at Marlow with 2.37 inches in forty-eight hours. It was still raining this morning.

Arkansas Still High.

Hutchinson, Kan., June 13.—A few low places in Hutchinson outside the business and residential sections were under shallow water today and the Arkansas river continues rising slowly. The river is stationary above Stirling and Nickerson, with the prospect of the worst possible flood at Hutchinson amounting to a few inches. The river has overflowed southwest of Yaggey and Nickerson eight miles up stream and a few feet of the Santa Fe main line are out. Trains are running no farther west than Hutchinson on either the Missouri Pacific or the Santa Fe.

Damage in Texas.

WICHITA FALLS, Tex., June 13.—Eight feet of track on the Wellington branch of the M. & K. & T. at Dodsonville was out today. Traffic was resumed over the Katy Red River branch. Tracks through the section continued in bad shape from the heavy rains of the last eight days, but railway officials said there would be no further interruption of traffic on the Ft. Worth and Denver today.

Coastwise Vessels Exempt.

WASHINGTON, June 13.—American coastwise shipping will be exempt from payment of federal tolls if the bill reported favorably to the Senate by the inter-oceanic canal committee passes.

TWELVE INVOLVED IN KABER MURDER

Wife, Wife's Daughter and Mother Held by Police; Search for Others.

(By the Associated Press)

CLEVELAND, June 13.—With the four actual assassins of Daniel Kaber still at large, though known, the police today held four women charged with first degree murder in an effort to clear up points of the publisher's death. Kaber was stabbed 24 times by intruders in his Lakewood, Ohio, home. His widow, Mrs. Eva Catharine Kaber, her daughter Marian McArdle, and Mrs. Mary Brickley, Mrs. Kaber's mother, were first held for the crime.

The fourth woman, a Mrs. Arminia Collavito, 32, a midwife, who told the police, they announced today, that she was employed to get four assassins at a cost of \$5,000, who would be paid only if they killed Kaber with some kind of a weapon that would not prevent collection of his insurance.

The police also announced the denial of this by Mrs. Kaber.

Two of the men, said Mrs. Collavito's signed statement, were to do the killing and two were to stay outside the house. She said that the killers tiptoed through the house two days before the killing "to get the lay of the land" while Marian McArdle played the piano to drown their footfalls.

The police have now connected 12 persons with the crime. One man told of being offered a house on a fashionable street and an automobile if he would run Kaber down and kill him.

PURE FOOD SHOW GREAT SUCCESS

Winners in Baby Contest Announced; to Make it Annual Affair.

(By the Associated Press)

Closing a week of successful showing the Pure Food Show, given all last week by the ladies of the First Christian church in the City Hall, had its final exhibition last Saturday night, enjoying a record breaking attendance. The ladies of the church are well pleased with the success of their undertaking and wish to thank all who in any way assisted them.

Winners in the better baby show for the week have been announced as follows: This information being furnished by the ladies: First day, boy's prize of a gold ring given by Coon's Jewelry store was won by Carl Eugene Newton. The girl's prize was won by Frances Clara Ebey, which was also a gold ring; second day, the boy's prize of a savings bank with \$1 deposit given by the Security State Bank was won by Alva Lee Oliver, the girl's prize of a savings bank and \$1 deposit was won by Mary Lee Smith.

A half dozen photos from Smith's studio were given to both the boy and girl winners in the third day contest. Haskell Edward Rich and Virginia Lee Newton were the winners. A savings bank with \$2.50 deposit from the Oklahoma State bank was awarded to the winners in the fourth day contest were won by Oleta Mae Graham and Monterey Keltner.

Two shows were held on the last day. In the first show the boy's prize of a savings bank and \$2.50 deposit from the First National bank was won by Mollon Manville and the girl's prize of the same was won by Tommie Lou Davidson. Prizes in the second show were won by John Orel Busby and Winell Harris Cook, the prizes being a hand tinted picture given by the State Studio.

Miss Donna Bell Lee was the winner in the popular girl contest, the prize being a \$15 box of candy donated by the Palm Garden. Several of the other girls were close contestants and Miss Lee won by a small margin. This contest afforded much entertainment for those interested.

With the initial Pure Food Show so great a success the ladies of the Christian church have decided to make it an annual affair. Ladies experienced in the work were here for this show but they believe that they will be able to give the next show without assistance. More attractions are promised next year.

RAILROADS REFUSE TO LOWER RATES

Road Officials Said Not to Obey Mandates of Commerce Commission.

(By the Associated Press)

WASHINGTON, June 13.—Chairman Clark of the Interstate Commerce Commission informed Senator Harret of Georgia today that he had again requested representatives of the railroads in the southwest and southeast to lower rates on watermelons and other perishable fruits and vegetables. Chairman Clark said that the carriers contended that it was impossible to reduce rates and that the crops there appeared to be moving freely at the present rate.

Few Men Have Signed Up for Work in Harvest Fields

A wire was received Saturday by W. C. Jones of this city from the state commissioner of labor at Oklahoma City asking him to send any number of men up to 100 from this place to the harvest fields at Cherokee. The word was passed around to the unemployed here but up to this time only 18 men have signed up to go.

Three dollars a day and board has been offered to those who go from this place. A great many more can be used from Ada if they go at once. The 18 men now signed up will leave today on the Santa Fe for Cherokee through Oklahoma City. The county farm agent of Cherokee is in charge of the wheat harvest work there and the distribution of the men is done through his office. Those who want to go to harvest should see Mr. Jones at once.

Continued Rains Will Damage the Wheat and Oat Crop

That the rains will damage the small grain, which is ripe in the fields, if they keep up long, is the opinion of farmers and those closely connected with farmers. J. B. Hill, county agent, says the wheat and oats are probably damaging somewhat now and will damage badly if the wet weather continues for any great length of time.

Reports are that the rains extend west into the wheat belt, and that great damage there will result unless clear skies and sunshine are in evidence soon.

OKLAHOMA WEATHER
Tonight and Tuesday partly cloudy and unsettled.

SIMS HAS NOT RECEIVED ORDERS

Admiral Busy With Social Affairs, but Ready to Return.

(By the Associated Press)

LONDON, June 13.—Rear Admiral Sims said this morning that he had not received the cablegram from Secretary of the Navy Denby, canceling his leave of absence and ordering him to report as soon as possible in Washington. He left his hotel today to fulfill a day of crowded social engagements. He will make no public speeches in England before his departure Wednesday.

Admiral Sims told an interviewer that Secretary Denby's second message had been sent because of Sims' delayed reply to the first one, asking if he had been correctly quoted in his address here last week in which he criticized Americans in sympathy with the Irish republicans and declared that he had made arrangements at his hotel for the receipt of the cablegram, which must have been delayed in transit.

Admiral and Mrs. Sims are invited to dine this evening with Ambassador and Mrs. Harvey.

DISARMAMENT IS NECESSARY-FOLK

Former Governor Says Civilization Will Perish Unless Action Is Taken.

(By the Associated Press)

MORGANTOWN, W. Va., June 13.—A world hope has sprung up since the world war under reach of national destruction of armament expense, Joseph Wm. Folk, former governor of Missouri, declared here today in a speech at the University of West Virginia. Mr. Folk asserted that it did not require a prophet to see the "end of all" if people were to continue the competition in armaments which he said has caused even the United States to stagger under the load.

The chief element welcomed from the war, he said, was the spirit of service for common good. Going to the heroism of men in battle and the consolidation of the women in service rendered for the welfare of all, the speaker asked if all is to be lost by failure to arrange an international agreement to cease the expending of large revenue for armament.

"Humanity cannot long continue to carry the burdens occasioned by the war, to say nothing of the human blood shed, under which even the United States, the richest of all nations, is staggering under a load of debt caused by war, making the lot of the average man harder to bear, and which will lead in time to the overthrow of civilization itself."

OBREGON GIVEN A LAST CHANCE

Attitude of President of the Southern Republic Is Not Known.

(By the Associated Press)

WASHINGTON, June 13.—George Sumnerlin, charge d'affaires at Mexico City, has handed to Alberto Padi, Mexican foreign minister, the most recent statement of American policy towards Mexico. It is understood that Secretary Hughes expects President Obregon to consider this as the only rejoinder contemplated to obtain recognition of the communication to the state department dealing with a treaty of amity and commerce, proposed by the United States.

Recent reports by Sumnerlin are said to have contained no information that Obregon will yield to the pressure brought to bear upon him to agree to sign the treaty as a condition to recognition of his administration.

PASSENGERS CAN TRAVEL CHEAPER

Save Enough Going to Oklahoma City to Buy a Ham Sandwich.

"Gimme a ticket to Oklahoma City."

"\$2.53."

"By golly, you don't mean to say ridin' has went down, do you?"

"No, not went down; forced down. We didn't do it; the Corporation Commission did."

This is the substance of a conversation which either took place or might have taken place at the Santa Fe Sunday. Less money to see Oklahoma was also required at the Katy and Frisco stations, only one could not ride north on the Katy.

The Corporation Commission has refused to renew the last raise in rates and the old schedule is now in force.

There has been no change in the fares out of state places as these are under control of the Interstate Commerce Commission. Kansas City is still \$15.06 away by the Frisco, and \$16.88 by way of the Santa Fe.

However, one may now journey to Francis for 28 cents instead of 34 cents as heretofore; while if he desires to reach Okmulgee, it requires \$2.58 instead of \$3.10. The fare to Tulsa, yet farther away, has suffered the princely reduction of from \$4.86 to \$4.05. Should one go in the other direction, he can reach Madill for \$1.78, not \$2.14; and the Platt National park may be found for \$1.04, not \$1.29. Dallas is still \$6.70 distant by the Frisco, and \$7.55 by Katy.

Leaving Ada on the south bound Katy, one must part with but \$1.56 instead of \$1.87 to reach Atoka, and \$2.32, not \$3.10 for Durant. Should his destination be Muskogee the amount is \$4.98, whereas it has been \$5.98. Oklahoma City may be reached by \$2.76, not \$3.33 by way of the Katy, and by \$2.53 instead of \$3.04 on the Santa Fe.

If a traveler wishes to be in Purcell, the required sum is \$1.53 and not \$1.84. The fare to Chicago is still \$33.39.

These substantial reductions will at least provide a Harvey House sandwich or a few cokes to those whose destination is elsewhere in the state.

FAMOUS CUBAN STATESMAN DEAD

Gen. Jose Gomez, Former President of Cuba, Ends Life of Work.

(By the Associated Press.)

NEW YORK, June 13.—General Jose Gomez, former president of Cuba, died at the Hotel Plaza at 1:45 today.

General Gomez, second president of Cuba, popular army commander, lead a life of vicissitude. From battlefield to head of the government and then to prison was his lot.

"Jose Miguel," as his countrymen loved to call him, was one of the most active of the Cubans in the political and military life of the republic. He was popular as a revolutionary leader, general, and finally as chief executive.

OTHER SLASHES IN THE CRUDE OIL

Sinclair and Others Drop 25 cents on Mid-Continent Crude.

(By the Associated Press)

TULSA, June 13.—The Sinclair Crude Oil company announced today a reduction of 25 cents a barrel on midcontinent crude. The reduction by the Perry and Magnolia companies of Healdton was to 75 cents a barrel.

FREE COTTON GRADING SCHOOL TO BE HELD AT STILLWATER SOON

County agricultural agent, J. B. Hill, has received word that a cotton grading school is to be conducted at the A. & M. College at Stillwater this summer.

This school will begin Tuesday, July 5, 1921, and close Friday, July 23, 1921. This school will be in charge of Dr. M. A. Bessan who is making arrangements for an expert cotton grader and other instructors to teach cotton grading, marketing and everything connected with modern methods of handling cotton from the grower to the spinner.

The only expense connected with it will be travel to and from Stillwater and living expenses while there, and a registration fee of \$2.50.

READY TO DEFEND HAWAII

Map shows island of Oahu and its railroad (indicated by crossed line) which is to be fortified.

Equipment has been assembled on the coast ready for shipment to Hawaii for the establishment of a railway battalion, including eight mortars of 12-inch caliber, to be used on all lines of the Oahu railway on that island, it was announced at army headquarters the other day. Spur tracks will be built where the railway does not reach, thus enabling the army to rush heavy artillery to any strategic point of the island, the announcement said.

Meridian Highway to Extend South to Mexico City

LAREDO, Tex., June 13.—A party of 15 Meridian highway commissioners representing the states of South Dakota, Nebraska, Kansas, Oklahoma and Texas, accompanied by four engineers of the Mexican army crossed to Mexico here tonight on a tour in the interest of an extension of the highway to Mexico City. Ten days will be required for the trip.

U. S. Department of Agriculture, Weather Bureau

WASHINGTON, June 13.—Forecast for the period June 13, 1921, to June 18, 1921, inclusive: West Gulf states: Occasional showers and temperature slightly above the normal.

Upper Mississippi and lower Missouri valleys: Temperature above the normal and generally fair weather, except scattered thunder showers are probable.

Southern Rocky Mountain and Plateau Region: Temperature above the normal and generally fair weather except scattered thunder-showers are probable.

HASKELL TO COME BACK?

A few days ago the News ran a letter written by Eugene Lorton for the Tulsa World. In this letter, Lorton complains that former Governor Charles N. Haskell is the cause of Jim Harris' undoing at Washington. Naturally the inference is that Eugene's failure to capture his set-for post of ambassador to some foreign country can also be laid to the trouble made in republican ranks by Oklahoma's first governor.

Now comes Haskell and denies all the inferences of Mr. Lorton, stating that he likes the owner of the Tulsa World, but considerably dislikes his two pals, Jim Harris and Tom Latta, the latter being the political editorial writer of Eugene's newspaper. In Haskell's reply, he intimates that he may have to come back to Oklahoma in order to run such enemies as Jim and Tom, as he calls them, out of public life.

It all brings up an interesting phase of Oklahoma politics. Haskell is often given credit for being one of the best governors since statehood. All who have been long in the state will recall how badly Haskell was defeated for the United States senate by Senator Owen. At that time Haskell was said to be almost penniless. He therefore, was in no position to remain in politics and hope to make a good showing.

Since he retired from the seat of power in this state, he is said to have made several million dollars in oil. He lives in one of the most aristocratic parts of New York City, which means one of the most aristocratic in the world. Having made a good governor, having been defeated in politics, having made all the money he can ever expect to have any use for, what higher ambition could he have than to return to Oklahoma, dive into politics again with the added prestige of being a successful business man and with ample funds to finance his campaign, and thus round out his life with service to his fellow man? It is a great ambition, and we doubt not that Haskell has let his mind run along that channel.

What would happen if he were to return to the state? What office would he seek? Would he seek any office or would he be content to be the power behind the throne? These are questions that no one but himself can answer, but they are questions which may cause some of the democratic and republican politicians to worry.

While we may be entirely mistaken, Haskell's reply to Lorton sounds very much as though he is sounding out the voters of this state, to determine if there is any considerable sentiment favorable to his return.

BETTER ROADS

Almost a year ago the writer was in New Mexico where thousands of tourists go each summer, a land of cool nights, pure water and invigorating air. Many of the tourists had gone there with the expectation of enjoying automobiling each day. The rains set in, and day after day the tourists had to stay in hotels and let their cars stand idle. Not only while it was raining, but for sometime afterwards was it impossible to use cars. If New Mexico would build some hard surfaced roads in that part of the state, we doubt not that in a few years it would be as popular as Colorado and probably more popular with the people of Oklahoma, Texas and some of the other southwestern states.

A tourist in parts of Oklahoma at this time would probably swear that he would never come to the state again. If we had graveled roads or paved roads, he could go through with little trouble. Automobiles are now so well equipped that rain makes little difference if the roads are passable.

Good roads, however, are not only essential for a country to enjoy tourist travel, they are essential to efficiency in cars and other vehicles at home. In the near future, the community or the county or the state which has poor roads will be forgotten.

If a former democrat can get one of the choicest ambassadorial plums and a present democrat can dictate federal patronage in Oklahoma, what is this country coming to? Judged by the Jacksonian idea of patronage, something is wrong with the republicans or somebody has been grossly exaggerating facts.

Just as a matter of curiosity, we should like for Edison to tell us how many of his questions he could answer when he was twenty-five. We might be disappointed, but here's betting the drinks would be on him.

Ada's baseball club is winning games against all comers. That reminds us that Ada is getting large enough to have a franchise in some league. If Henryetta and Chickasha can support a league team, Ada ought to.

A landing place for aviators here is badly needed. Mr. Walker says all attempts of the Chamber of Commerce to get a field have failed. Can someone help the body?

It is said that harvest hands will receive less than half as much as they did a year ago. Let's hope biscuits come down accordingly.

HIS ZERO HOUR—GOING OVER THE TOP

The Editor of the Press

Comments given below do not necessarily reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

"Subnormal" School Work
Tulsa Tribune: A remarkable and illuminating fact is revealed in an exhibition of handwork in the public schools of one of the large cities. The display includes baskets, stools, wicker lamps, furniture, embroidery, rag rugs, raffia work and many other articles of household use, produced by the pupils of the "subnormal school," who are the "dull" boys and girls selected from the regular schools for special instruction.

Visitors to that exhibition have all been amazed at the excellence of the work. And here is the remarkable fact: Not only is the handwork of those "subnormal" children excellent in itself, but the teachers say that they cannot be equalled by the work of the "normal" children!

Here, certainly, is food for thought. Those "dull" boys and girls may be dull at their books, but they are not dull with their hands. Given almost any kind of manual work, they show unexpected interest, application and ability, and even artistic talent. The other children may be better at more abstract things like reading, grammar, arithmetic, etc., but they are better at practical work.

There is probably less essential difference in ability than most people imagine. There is less difference in amount of ability than in kind of ability. Some children are very capable in some things and other children are very capable in other things. Real education can't be given there is. And real perception, perhaps, consists in getting

The Yesterday: The Today
Daily Ardmoreite: It was an old fossil who lived in the days when philosophers walked the earth who wrote, and writing advised all men to live in such a manner that when the dread summons came, they would not go to the grave like scoured galley slaves, but would fold the draperies of their couches about them and quietly sink into a long and an undisturbed repose.

Doubtless all that sounded well and good in the olden time, the time when preachers spoke words which tied men and women together for life. But this is a progressive world, peopled with a progressive bunch of men and an advanced bundle of women.

Thus it is that, being himself some philosopher in the present day and time, the editor of the Muskogee Phoenix modifies the ancient axiom to read, "So live that when your summons comes you can go into the divorce court without fear of what the headlines will say."

Full many a good news story will be killed if this advice is taken and full many a sensation will remain like a light hidden under a half-bushel, if all who read the teachings of the Phoenix man take heed and so govern themselves and their nightly and daily actions that the news writers cannot even guess at the innermost and unwritten details in the divorce petitions.

Taking counsel from the article all women and most of the men will follow along lines which are circumspect. They will be guarded in their actions, eliminate the writing of endearing notes, trust the telephone only when reasonably sure

that the wires are not crossed and a third party on the line.

They will eschew the use of taxicabs and confine themselves to privately owned cars. They will be guarded and careful. They will do nothing in the broad and pitiless light of the sun of day that can be more safely done under the shaded electric globe of night. They will meet and pass each other, when in public, acting as strangers. They will arise each morning with the determination firmly planted in their systems to so live that should the divorce summons come before the approach of dewey eve, they can go boldly into the courts and defy the most inquisitive lawyer to bring to light anything which might not look well in print.

Indians Get in Debt.

(By the Associated Press)
PONCA CITY, June 13.—Following an investigation which revealed the fact that numbers of Osage Indians have gone heavily into debt despite the large payments which they have received from the government, a circular letter has been issued by J. George Wright, Osage agent, asking all persons who have claims against the Indians to file them before June 15. The letter says the debts will then be paid as rapidly as funds accumulate to

the account of the individual Indian concerned.

The investigation, which was conducted after the recent enactment of the bill extending the trust period of the Osages to 1946, showed that many Indians, particularly the young full-bloods, who were getting as much as \$1,000 a month in oil royalties, were the deepest in debt. Merchants were said to be willing to extend them credit in great amounts.

A radical change has been made in the payment of the Indian funds, it was said by Mr. Wright. Formerly the Indians were paid in cash several times a year, but the system has been changed so that each Osage has a trading allowance and a cash allowance each paid on a scheduled monthly basis.

Will Get Game Fish.

(By the Associated Press)
OKLAHOMA CITY, June 13.—Plans are being laid by Ben Watt, state game and fish warden, to receive from the government a number of carloads of game fish which have been gathered from streams which often become dry in the summer. The fish are to be delivered between June 20 and 25. They will be placed in Oklahoma waters which remain inhabitable for the fish the year round.

ber of carloads of game fish which have been gathered from streams which often become dry in the summer. The fish are to be delivered between June 20 and 25. They will be placed in Oklahoma waters which remain inhabitable for the fish the year round.

Mr. Watt is authority for the statement that 525,000 fish have been distributed this year in Oklahoma for the state hatcheries. He said that in the future the state will get all its rainbow trout from the hatcheries at Neosho, Mo., which have better equipment for handling this species than do the Oklahoma hatcheries.

IN SOCIETY

Miss McKindree Honoree
Mrs. Sam K. Grant and Miss Ira Gregg entertained with an announcement party at the home of Mrs. Grant honoring Miss Lenora McKindree whose marriage to Mr. Tom Grant will be solemnized June 22.
The home was beautifully decorated in a wealth of garden flowers. On entering the dining room the guests were presented with miniature fishing rods and directed to an improvised lake on the dining table, in which was reflected the pictures of the honored guest and her fiancé. This lake was very picturesque, having an abundance of daisies, pansies and ferns growing around its banks. Its waters were filled with many small fish. On catching these fish the guests were surprised to find that they told the tale.

The afternoon was spent in playing hearts. Mrs. Lee Smith making the highest score. She was presented with a bride's book which she very graciously presented to the honoree. Dainty heart ices and angel food cake were served carrying out the color scheme of pink and white.

Miss Mollie Russell in her pleasing style gave a beautiful toast to the bride-to-be. She was followed by Miss Irma McCulloh, who very graciously gave a toast to the groom.

Mrs. Grant was beautiful in a pink organdie with touches of blue. Miss Gregg was attractively costumed in white organdie. Miss McKindree was lovely in a tulle gown of white brocade organdie combined with cob-web lace with a canary sash and orchid ribbon. She wore with this a leghorn picture hat.

Those present besides the honored guest were: Misses Lilla and Tot McKindree, Lillian Faust, Irma McCulloh, Willie Stanfield, Mollie Russell, Catherine and Sadie Edmiston, Lucille Griffith, Gladys Riddling, Helen and Lucille Lee, and Mesdames Gamble of Abilene, Texas, E. H. McKindree, Mary McKoy, L. A. Ellison, Lee Smith, J. C. Deavers, Val Land, Allen Stanfield and Paul Norrell.

Chapman-Rowe
Another quiet wedding was held at the Baptist parsonage Saturday evening at 6 o'clock when Rev. C. C. Morris, pastor of the First Baptist church, married Miss Cleo Chapman of this city to Charles Rowe of Byng. The pastor and his wife were the only ones present at the wedding.

They will make their home in Byng where Mr. Rowe is employed. Miss Chapman has a number of friends here who extend to her their congratulations and best wishes.

Triplet-Crawford
Miss Ruth Triplet and Homer Crawford, both of Allen, were married by Justice H. J. Brown at his office late Saturday afternoon. The bride couple are well known in Allen and have a large number of friends there who will be surprised to hear of the wedding.

Mrs. Cowling of McAlester is in the city for a visit with her sister, Mrs. John McKinney and her brother, John Cowling.

Mrs. C. L. Merritt and son, Dale, who have been in the city over the

past week-end visiting relatives, returned to their home in Coalgate today.

Miss Avis Addison, who is attending the Normal here this summer, spent the week-end with her mother in Coalgate.

Mr. and Mrs. Winchester Hodgson of Wister, Okla., were in the city over the week-end visiting in the home of W. Williamson.

Carl Kreiger of Ardmore, was in the city visiting C. D. Price and family over the week-end.

G. C. Harris of Madill was in the city yesterday visiting his father, J. F. M. Harris, who is very ill at his home here.

Charlie Pigford of Indianola, Miss., arrived in the city Saturday afternoon for a visit with Mr. and Mrs. T. W. Rowzee. He made the trip overland, spending one week on the road.

Master Hubert Trony of Indianola, Miss., is in the city for a visit with Mr. and Mrs. T. W. Rowzee of this city.

Mr. and Mrs. R. S. Moore and son, Lieut. Robert Moore, Jr., left Sunday morning for Nashville, Tenn., where they will spend several days visiting relatives.

Marks for Cotton Belt Highway Are Being Made Today

Work was started today on the marking of signs to mark the Cotton Belt highway to pass through Ada and as soon as the weather will permit they will be set up along the road. Signs telling tourists the distance to the nearest city, bridge or other important places will be made. Posts will be marked showing the highway and its name.

H. B. Koach, secretary of the Good Road Motor club, left today for Wetumka where he will meet with the Chamber of Commerce of that place to discuss plans for the marking of the road near Wetumka. The Cotton Belt highway will pass through that place.

Business men here are making preparations to have the road through this place marked.

Word has been received from Okmulgee stating that bonds have been voted by the county to build a road through the county running north and south. The road will be made of concrete and will cost the county \$552,000, this amount being matched by a like amount by the government. The towns of Beggs and Henryetta will be connected when the road is built, which will constitute a part of the Cotton Belt highway.

SHORT SELLING SWEEPS OVER N.Y. STOCK MARKET

(By the Associated Press)
NEW YORK, June 13.—A wave of short selling swept over the stock market causing a loss of one to five percent in the first half of the session. Brokers and commission houses reported accumulated selling orders from Pittsburgh, Cleveland, Chicago, and other western and southwestern centers which are the effects of commercial and industrial depression.

Porter Resolution to Come Up for Vote Monday Morning

WASHINGTON, June 13.—A vote on the Porter peace resolution to abandon the state of war with Germany and Austria, was in the house today under consideration. Time for the final vote was set at 4:30. More than 50 members have been allowed time to speak. The adoption of the measure is generally expected.

Kansas Organizes Against Townleyism and Non-Partisans

(By the Associated Press)
SALINA, Kan., June 13.—The American Defense League with headquarters here organized to conduct a fight against the Townley and non-partisan league in Kansas at once, it was announced today. "We have found the non-partisan league is losing power in the state," Oliver Kitterman, president of the defense league, said.

STATE WILL ATTEMPT TO CON- TROVERT ORTHWEIN'S STORY

CHICAGO, June 13.—The state will attempt to controvert Mrs. Cora Mabel Orthwein's story that she killed Herbert Zeigler when he attempted to batter his way into her apartment, was announced by Assistant State Attorney Heath in the opening speech to the jury today. Heath described Mrs. Orthwein to the jurors as a "cold-blooded murderer" who shot Zeigler in the back when he was seated in a chair.

Robbers Make Haul (By the Associated Press)

AMARILLO, Texas, June 13.—Robbers blew open the safe of the Ft. Worth and Denver ticket office at 4:30 this morning and escaped with \$1932 in cash and a check for \$165.

Bandits Get Away (By the Associated Press)

KANSAS CITY, Mo., June 13.—Three bandits took \$1000 from Lewis Lower, cashier of an ice company this morning, and escaped in a motor car. The ice company's office is in three blocks of the police headquarters.

Sinn Feiners Shot
DUBLIN, Ireland, June 13.—Two former soldiers were shot dead last night on the street by three unknown persons.

American Legion to Hold Big Roundup at Fair Grounds Park

Thursday, Friday and Saturday of this week will see the big roundup staged at the Fair Grounds park under the auspices of the local post of the American Legion. Experienced men in this kind of amusement have charge of the plans and arrangements.

For three days the spectators will be given an opportunity to see some of the many stunts popular on ranches in the old wild west. For this purpose 100 Mexico steers have been secured for the occasion. Prizes will be awarded in riding, roping and steer bull dogging.

It is announced that many of the leading riders and ropers in the west will be here, and that some real thrills will be given. Among these noted westerners will be ladies who are famous for their daring in roping and riding.

It has been several years since the residents of the city have witnessed a celebration of this nature.

Sunday Draws Large Crowds to Glenwood Park Swimming Pool

The largest crowd ever gathered at the Glenwood Park was seen there Sunday afternoon. The swimming pool was the chief attraction, but the playground equipment was much used. One of the largest numbers yet to take advantage of the swimming pool was yesterday afternoon, including both sexes.

The park is growing more popular every day and after more improvements are made it is expected that the Sunday merry-makers will be more numerous than they have been for the past few weeks.

THE FIRST BAPTIST SUNDAY SCHOOL IS STILL GROWING

The Sunday School of the First Baptist church again had an increase yesterday even in spite of the rain, there being a total present of 550. This was an increase of 19 over the preceding Sunday.

The Men's Bible Class at the McSwain Theater had a small increase, having present yesterday 130 with a collection of \$20.20. The total collection in the entire school amounted to \$34.75, which amount goes to the Oklahoma Baptist Orphans Home at Oklahoma City. This custom was established several years ago of contributing the offering on each second Sunday to this worthy cause.

We have not yet heard from the Sunday School at Durant and McAlester as to the number they had present yesterday, but will probably know by the time the paper goes to press tomorrow.

OKLAHOMA TOWNS ARE NOT LIABLE FOR RIOT LOSS

(By the Associated Press)

TULSA, June 13.—Oklahoma cities and towns are not liable for damages arising out of property destruction or loss of life in riots, according to an opinion of the legal committee of the board of public welfare here, which investigated the possibility of Tulsans recovering damages as a result of the recent race riot.

The legal committee went exhaustively into the legal aspects of the case but its finding held that the liability of municipalities and county governments went no further than moral responsibility.

"It is the conclusion of your

committee that there is no legal liability resting on this city by which it can be made to respond in damages for the destruction wreaked by the recent riots," said the report. "In the case of the county, the principles governing its liability are even more stringently enforced."

"We regret that we found the law otherwise," the committee said further, "but we believe that from a moral standpoint Tulsa is responsible for the damage."

"Since a municipal corporation in preserving order or preventing crimes or in general enforcing police regulations is in reality exercising attributes of sovereignty and acting as a state agency, it has been uniformly held that under common law principles it enjoys the immunity of the sovereignty from being held liable in damages for dereliction of its officers or agents in performing such public functions."

The committee is composed of

Judge H. L. Standeven, Horace H. Hagan, Judge L. M. Poe and Albert Bell.

The decision is expected to have a vital bearing on reconstruction

plans here because it was at first believed that the city and county could be forced to pay for negro homes destroyed by fire during the riots.

PAIGE

The Most Beautiful Car in America

Paige Makes a Clean Sweep

Breaks Every Official Stock Chassis Record
From 5 to 100 Miles at Uniontown Track

The Paige triumph is now complete.

From 5 to 100 miles, all world's official speed records for a stock chassis were captured by the Paige "6-66" Daytona Model at the Uniontown, Pa., track May 29th, 1921.

Following a world's stock chassis record made January 21st, when the Paige "6-66" Daytona model covered a measured mile in 35.01 seconds, the Uniontown performance caps the climax to a long series of amazing records.

Paige, thus, has made a clean sweep and stands today the unchallenged master of power and speed—the supreme and unique example among automotive products for heroic stamina and endurance.

When the mile record fell in January, Paige determined to make the record complete. With the officials of the A.A.A. racing board in charge, the track at Uniontown, Pa., was selected and Mulford driving a Daytona "6-66" stock chassis was off to shatter records that had remained unassailable since July 28th, 1917.

A Clean Sweep

The first five miles were covered at a terrific pace, the electric timer recording 3 minutes, 15.48 seconds, a speed of 91.8 miles an hour.

From there on the Paige came roaring over the official's wire with clock-like regularity that ate up the miles greedily. Twenty-five thirty, fifty minutes went by and there was no noticeable slackening of speed.

When the Paige thundered across the tape at the end of the 100th mile the feat had been accomplished.

In the most consistent performance ever recorded the records had fallen. The five, ten, twenty, twenty-five, fifty, seventy-five, 100-mile and One-Hour records had been beaten in every instance by a handsome margin.

The official figures showed that Paige had covered the full century in one hour, 6 minutes and 53.26 seconds, or 89 miles, 1510 yards in 60 minutes—which is just 250 yards less than 90 miles. The former hour record was 83 miles.

And now for a brief review of "6-66" history.

Speed—Power—Endurance

When a Paige "6-66" stock chassis made the fastest official time of the season for the Pike's Peak climb, some idea of its amazing power and stamina was revealed under unusual circumstances.

When on January 21st the Paige "6-66" Daytona model traveled at a rate of 102.8 miles an hour, thus setting an official world's stock chassis record for a mile; the fleetness of the "6-66" was established.

When at 100 different points throughout the country 100 new local hill climbing records were made, the power of the Paige "6-66" became a country-wide sensation.

Now with these new records from 5 to 100 miles, made without a stop, Paige has indisputably established its supreme powers of endurance, as well as of speed. There could be no feat that answered all questions of supremacy with greater finality.

The lesson to the car owner is obvious. No matter what price he may be willing to pay he can find no car on the market today that offers him more than the Paige "6-66." The record is complete, and Paige stands as the undisputed leader of all American sporting cars.

In Your Own Interest— Make This Test

We ask you to take just one demonstration in a "6-66" model and judge it from the standpoints of power, speed, acceleration, spring suspension and general motor efficiency.

Get the facts—actual lapsed time of the tests—and make a record on the demonstration card furnished by our Dealer.

Then take a second demonstration in any other car, at any price, and compare results. That is all we ask—and we make no prophecies whatever in regard to your ultimate conclusions.

We merely want you to know the "6-66" in action. We want you to compare it detail for detail—performance for performance—with the finest and most expensive cars of the nation.

Then, decide for yourself whether the "6-66" is or is not the greatest dollar for dollar value ever offered to the motoring public.

PAIGE-DETROIT MOTOR CAR CO., DETROIT, Michigan

Former Philippine Governor-General Dies at Vermont Home

ST. JOHNSBURY, Vt., June 13.—Henry Ide, former governor general of the Philippines and later minister to Spain under the Taft administration, died at his home here today. He had returned recently from a winter in California.

Mr. Ide, who was 76, became United States Commissioner to Samoa in 1891 and later chief justice. In 1901 he went to the Philippines on a commission to establish a civil government and finally became governor general.

He was minister to Spain from 1909 until August, 1913.

Lions to Roar and Furnish Eats for the Summer Teachers

The Lions Club of Ada will give a banquet to the teachers in the summer Normal Thursday evening in the Normal cafeteria. This includes all members of the faculty, their wives and husbands. The ladies of the Presbyterian church will do the serving. There will be more than 100 banqueters, and a spirit of fellowship and good will is expected to prevail. This is an annual affair, and in the past has been one of the pleasing features of the summer term.

L. A. Ellison, one of the gifted and entertaining speakers of the city, will be toastmaster. Mr. Ellison for a number of years was a teacher and knows the trials teachers' face.

The banquet will be very informal, though several have been assigned subjects on which they are expected to talk for a very limited number of minutes.

ALICE BRADY FORSAKES SMART SOCIETY DRAMA

After five years of successful starring in society dramas, which have ranged all the way from tense emotionalism to high comedy, Alice Brady has temporarily, at least, forsaken the drama dealing with the smart set, and will be seen in a series of at least three dramas of humble life.

The first of these, "The Land of Hope," a collaboration by Frederick and Fannie Hatton and Robert Milton, presents the popular start in the role of a Polish immigrant girl who seeks her fortune in America, along with a little company of people from her native town, including her childhood sweetheart.

The young lovers think all their troubles will end when they reach America, and that they will quickly earn enough to enable them to marry. But alas for their optimism, they have many difficulties, disillusionments and misunderstandings before they gain a firm foothold on the new soil, and win happiness together.

The role of the Polish youth is ably handled by Jason Robards, who played juvenile lead with Frank Bacon in "Lightnin'" for two years but resigned to devote himself to picture acting. Others in the cast include Ben Hendricks, Jr., Schuyler Ladd, Larry Wheat, Betty Casdale, Martha McGraw, Fuller Mellich and Bernard Siegel. The production was directed by E. H. Griffith.

"The Land of Hope" has been billed for a two day run at the American Theater, beginning today.

BAPTIST W. M. U. TO HOLD COTTAGE PRAYER MEETINGS

The Woman's Baptist Missionary Society of the First Baptist church will hold cottage prayer meetings all this week preparatory to the revival meeting which begins next Sunday, June 19th. Each of the three districts will have a prayer meeting then every afternoon except Saturday. Below is a list of homes in which the meetings will be held and the leaders of each meeting:

District No. 1 and 2
Monday afternoon at home of Mrs. S. H. Mount.
Tuesday afternoon at home of Mrs. J. L. Huber.
Wednesday afternoon at home of Mrs. J. E. Harris.
Thursday afternoon at home of Mrs. Will Hughes.
Friday afternoon at home of Mrs. J. A. Lewis.

District No. 3
Monday afternoon at home of Mrs. L. A. Ellison, Mrs. B. A. Mason, leader.
Tuesday afternoon at home of Mrs. J. F. Jackson, Mrs. C. C. Morris, leader.
Wednesday afternoon at home of Mrs. T. J. Chambliss, Mrs. W. C. Duncan, leader.

Thursday afternoon at home of Mrs. J. W. Westbrook, Mrs. N. W. Pitts, leader.

Friday afternoon at home of Mrs. Dr. McKee, Mrs. J. A. McKellar, leader.

District No. 4
Monday afternoon at home of Mrs. E. J. Little.
Tuesday afternoon at home of Mrs. Dr. Webster, Mrs. J. A. Cowling, leader.

Wednesday afternoon at home of Mrs. Fannie Payne, Mrs. M. MacFarlan, leader.

Thursday afternoon at home of Mrs. R. E. L. Ford, Mrs. Dr. Webster, leader.

Friday afternoon at home of Mrs. J. A. Cowling, Mrs. F. M. Claybrook, leader.

Beginning Wednesday evening there will be held at the church at 8:15 a prayer meeting to which all the members are expected to be present and any others are cordially invited to attend. We are exceedingly anxious to have splendid attendance at all these meetings.

The matter of seating the lawn will be deferred until a later date on account of the weather. Announcement will be made later as to the day we will do this.

Clyde Calhoun Morris, Pastor

Obituary

Charley Parker.
Charley Parker died at his home at 122 East 8th street at 1 a. m. today after suffering for several days. He leaves a wife and six children one brother and one sister. He was 38 years of age. Funeral services were held today and interment took place in Rosedale cemetery.

Mrs. T. A. Wauson died at her home today at the age of 50 years. She leaves a husband, two daughters and three sons. The funeral services were held at 4 o'clock in the Criswell-Meyers chapel with Rev. C. C. Morris officiating. Burial took place in Rosedale.

Billiousness is a condition that breeds disease in the vital organs and ought to be corrected promptly. Prickly Ash Bitters is a man's remedy. It vitalizes the blood, drives out impurities in the bowels, makes you feel bright, strong and hearty. Price \$1.25 per bottle. Gwin Mays Drug Co.

Notice To All Property Holders
Notice is hereby given that all property owners of the city of Ada must cut all weeds in their yards, on vacant lots, around the alleys and in fact wherever the weeds happen to be. If they are not cut the city will have the work done and the expense charged up against your property.

C. M. BURNETT,
Sanitary Officer.

MANY ARTICLES FOUND IN RAILWAY COACHES

(By the Associated Press)
OKLAHOMA CITY, June 13.—The gamut from babies to crutches and back again to clothing for the baby is run in a survey of lost articles in that department of the Oklahoma City railways company, according to W. A. Marley, department manager.

"Look before you leap," also applies to looking behind before one leaves a seat in a car, he says, as varied are the articles his filing cabinet boasts.

Sometimes babies which cannot even talk are found on the cars, without their parents, and carried by conductors back to his bureau, where they have been hastily identified and claimed without fail, Marley says.

Prohibition has its effects on the forgetful passenger, he says, and of the few receptacles containing contraband liquor, none has been reclaimed.

"It isn't my business," Marley said "to discover how anyone who needs the aid of a cane or crutch to walk is able to alight without it, but sufficient to say, it often happens. We have yet to find an instance in which such articles are left unreclaimed, though."

Sunday brings a collection varied from Bibles, the number of which is legion, to dice and "chips," 10-cent cigars and valuable pipes; stove, shoe and finger nail polish, camera rolls and rolls of wire screening.

Umbrellas are not more frequently received than powder puffs, but they stay in storage longer than the majority of articles, Marley said, pausing as he spoke to check another gold handled parasol.

"When conductors don't desire the articles, they find, when they are unclaimed, they are turned over to the Salvation Army," the lost department official said, adding that all articles are kept 30 days before any disposition is made of them.

Jewelry is sometimes lost, money, often. The department had a \$900 diamond ring turned in, and another of the 10-cent variety from the same trip.

"Women as well as men apt to describe their articles," Marley asserted. "Women, however, are apt to prove the most embarrassed. The fineries of their apparel, particularly lingerie, remain the longest at the bureau before being identified."

He cited a recent case, when a small package was picked up from a car seat, and a telephone call put in to redeem it. The caller became hesitant when asked to describe the lost package, which she described as containing "wearing apparel." After nearly half an hour of waiting, Mr. Marley said, he finally elicited the information that the "wearing apparel" was a pair of garters.

A small brother appeared at the bureau to reclaim the package.

URGES SUPPORT OF ARMY TRAINING CAMPS

WASHINGTON, June 13.—(Special)—In a statement in which he expresses the hope that as many young men as practicable will attend the Citizens' Military Training Camps this summer, President Harding reiterates his advocacy of a comprehensive system of voluntary training through which all patriotic young men may have an opportunity to prepare themselves for the defense of their country.

He also points out that the National defense law as finally amended by congress in the last session, provides a comprehensive military system through which our traditional armies of citizen soldiers may be organized and prepared before the occurrence of an emergency. He urges all patriotic citizens to encourage the development of the army of the United States which as defined in the new law comprises the regular Army, the National Guard and the Organized Reserves. The president's statement follows:

"I hope every young man who can arrange it, will attend one of the Citizens' Military Camps to be conducted this summer by the War Department in each of the nine army corps areas.

"In this way he will increase his worth to the nation and obtain individual benefits of priceless value to himself and to the community in which he lives.

"I hope to see established during my administration a comprehensive system of voluntary military training for at least 100,000 men each year. Every young man who is willing to prepare himself for the defense of his country should be given an opportunity to do so.

"Our present National Defense Law establishes an economical and democratic military policy thoroughly consistent with our national traditions. It provides for a small Regular Army to be augmented by great citizen forces in the event of national emergency. This is our traditional military policy. But whereas in the past these larger war forces have been extemporized after the occurrence of an emergency, the new law wisely provides that the framework of the organization shall be established and developed in time of peace, in so far as this is practicable through the voluntary service of our patriotic young men. The Army of the United States as defined in the new law, comprises the Regular Army, the National Guard and the Organized Reserves. Every patriotic citizen should encourage the development of these forces, each within its proper sphere."

COUNCIL WOULD UNSEAT HIM FOR FREQUENT "NIPS"

"Had-Je-Me-Maar."

The Dutch parliament has tried to deprive "Had-Je-Me-Maar," known as the beggar councillor of the Dutch port of Amsterdam, of his seat, according to reports. The objection to him, says the report, is that he imbibes too often and too freely. "Had-Je-Me-Maar" denies he touches liquor too often to be contented.

STATE EMPLOYEES LOSE THEIR JOBS

(Continued From Page One)

to be spent in emergency for extra employees.

The state banking department will lose two clerks, Fred Dennis, state bank commissioner, announced Friday.

The lieutenant governor loses the services of a secretary and will have no contingent fund after July 1.

The force of the state board of affairs, one of the busiest departments in the state house, will lose five out of its present sixteen employees. The contingent fund, in addition, according to George F. Clark, chairman, is smaller than ever before in the history of the board.

The fund is at present \$5,400 for each year, as compared with \$12,500, the amount provided by the 1919 legislature.

The office of the state superintendent of education loses a rural school supervisor, and its contingent fund is now \$8,170, as compared with \$11,000 of the previous legislature.

The state school board is without a contingent fund on July 1. No letters can be mailed, no telegrams sent and no telephone service paid for.

The governor's office loses an executive clerk, one out of four employees.

Four feed inspectors and two dairy inspectors will be among the missing in the state department of agriculture, July 1, according to J. A. Whitehurst, president of the board of agriculture, who declares that he has not completed a survey of conditions so he can say accurately how far his forces will be diminished.

Race Riots

(By the Associated Press)

TULSA, June 13.—An appropriation of \$37,692 has been made by the city commission to cover the expense of maintaining extra guards and cleaning up the city as the result of last week's race conflict. Money expended by the board of public welfare, which took charge of the situation after the riot, will be paid back by the city through the appropriation.

TULSA, June 13.—Race riots as well as wars make business for ministers and marriage license clerks. On the third day following the race trouble here, 23 negro couples were issued marriage licenses, which exceeds considerably the record for any previous day in the history of Tulsa county.

TULSA, June 13.—Tulsa will never again have a negro district like that which went up in flames during the race riot if the plans of the Real Estate Exchange are carried out.

The real estate men plan to build a sanitary sewer through a hill where the excavation will have to be at least 34 feet deep. This sewer outlet will make it possible to properly drain a large area north of the city where it is proposed to locate a new negro quarter.

The city commission has already taken action, including what was once the negro district in the fire area, making it unlawful to build anything but fireproof buildings there. This move was recommended by the real estate men in order to force the negroes to sell their property to industries and railroads thus making this exclusively an industrial district.

The plan to move the negroes farther out and to provide proper sanitary facilities for them is approved by the city health department and the civic organizations of the city.

STATE INSTITUTIONS MAY USE CRUDE OIL FOR FUEL

OKLAHOMA CITY, June 13.—Because of recent reductions in the prices of crude oil products, the state board of affairs is considering a change from coal to fuel oil as fuel for a number of state institutions. The first experiment will be made at the University of Oklahoma, at Norman, it is announced, if such change is decided upon.

Engineering experts at the University now are preparing estimates of savings that might be accomplished. Upon their report, the board of affairs will base its decision, it was said.

In the meantime, board of affairs members have opened negotiations with the Santa Fe railroad officials for the construction of a spur running from its main line through Norman to the University campus. Santa Fe engineers will make a survey from such a spur within the next few days, it was announced. Whether fuel oil or coal is used as fuel, such a spur, it was said, will mean considerable saving to the state in the transportation of supplies.

ADA BALL CLUB VICTOR AGAIN

Pitching of Williams and Cover's Activity Features of Game.

The fastest game of the season was played at the Fair Grounds park Sunday afternoon when the Daily Oklahomans from Oklahoma City were given the zero end of the score by the Ada ball club, the final score being 4 to 0. The time was one hour and twenty-four minutes.

The game was won in the second inning, after two men were out, when Waner was safe on first base—man's error and Sparks made a two-base hit down third base line, allowing the locals to score. The game was put on ice in the fourth by bunting four hits in a row and by West's sacrifice fly to left field.

The pitchers of both teams did good work and the greater part of the game was a pitcher's battle. Lefty Williams, who has made good, pitching for the local team this season, was at his best yesterday. He struck out 15 men, while Seagraves of the printer's team struck out only two. No man was hit or walked by either pitcher.

In the fourth the visitors made a desperate effort to score. With one man on third and one on first and two men out, the man on first attempted to steal second. A surprise awaited him, however, as Cover was able to place the ball to second before the runner was aware of what had happened. This is Cover's third time to make this spectacular play this season.

Another good play by Cover was his backing of Rutledge on first when West, after catching a long fly, pegged from center field to make a double play by catching the runner off first.

The Ada players make a better showing with each game. Only one error was made Sunday. They have taken on some old rivals for games in the near future and will give a good account of themselves.

Tagless Cars

(By the Associated Press)

OKLAHOMA CITY, June 13.—Oklahoma automobiles are likely to go tagless for the next two years, according to B. E. Clark, state highway commissioner. While the special session of the Oklahoma legislature made appropriations to take care of delayed payments for license tags used during the years, 1919, 1920 and 1921, no provision was made for the purchase of tags in 1922 and 1923. Since Gov. J. B. A. Robertson has announced that he will issue no deficiency certificates to cover the expense, Clark said he has been unable so far to work out a plan which will insure license numbers after the present year.

It was only through delayed appropriations made by the recent special legislative session that the highway department was enabled to obtain tags for the present year, it was explained. All license tags are manufactured at the Oklahoma penitentiary, but the state contracts provide that they shall be paid for at the rate of 30 cents a pair. Because the highway department had been unable to pay for its tags since 1918, penitentiary officials last winter refused to deliver any more tags. When the special session of the legislature appropriated money for these back payments, the manufacture of tags in the state prison was resumed. Ninety-six thousand tags have just been delivered to the department for use in 1921.

Don't expect to get through a hot summer of hard work without a sick spell, if you start with your system full of impurities. To avoid a break-down in the busy season begin now taking Prickly Ash Bitters, the remedy for men. It will purify the blood, liver and bowels and put the system in healthy condition. Price \$1.25 per bottle. Gwin-Mays Drug Co.
